EMBASSY OF THE UNITED STATES OF AMERICA PUBLIC AFFAIRS SECTION

October 23, 2012

New Visa Waiting Room for U.S. Embassy

The United States Embassy in Port of Spain broke ground last week on a major renovation of the Consular Section waiting room. Once complete, the new waiting room will provide a more comfortable experience for all people visiting the Embassy to apply for U.S. visas or for other services. The new waiting room will be fully enclosed and air conditioned. It will also be equipped with new chairs for applicants and a new microphone system.

Construction is expected to last approximately six months. During this time the Consular Section will be open as usual; however, we ask visitors for their patience and understanding with any construction noise or equipment. We also ask that applicants come as close to their scheduled appointment time as possible in order to minimize the number of people waiting.

This project demonstrates the U.S. Embassy's commitment to providing all Trinbagonians with the highest quality of service.
